

Lef's Do...Organic® Potato Starch is a versatile gluten free starch, excellent for thickening and baking. It is great in breads, cookies and biscuits. Simply replace other starches one-to-one.

For thickening, thoroughly mix 1 part starch with 2 parts water to make a slurry. Stir the slurry into a favorite sauce, gravy or pudding towards the end of cooking, stirring continuously over low heat until the desired thickness is achieved.

Organic Potato Starch is a great choice for thickening soups and sauces, as they will retain their intended taste and translucence rather than turning cloudy.

Potato starch is prized by chefs of many countries and ethnicities.

Native to South America, potatoes have been a source of valuable dietary starch for thousands of years. However you use it, this versatile gluten free starch will serve you well. Enjoy!

Coconut Macaroons

Makes about 22-26 cookies

1 cup Native Forest® Organic Coconut Milk (Classic or Simple varieties)
 1/3 cup Agave syrup (1/2 cup for sweeter macaroons)
 1 1/4 tsp Vanilla extract
 1/4 tsp Sea salt

1/4 cup Lef's Do...Organic® Potato Starch
 3 cups Lef's Do...Organic® Shredded Coconut

Preheat oven to 350° F. In a medium sized bowl, mix the coconut milk, agave, vanilla and salt. Add in the potato starch gradually, while stirring well. Sprinkle in the shredded coconut and stir until thoroughly mixed. Gently drop tablespoonful amounts onto greased baking sheets. Allow a little space between each cookie for expansion. Bake for approximately 18-25 minutes until golden brown and firm to the touch. Remove from oven and allow cookies to cool for 10 minutes before transferring to cooling racks.
