

**Native Forest® Organic Mandarin Oranges** are grown in pristine island orchards. They are protected from pollution by their remote location, miles from the nearest industry or roads. Our orchards are certified to USDA organic standards, which promote biodiversity, renew soil fertility and yield deliciously healthful fruit. We hand pick tree-ripened organic mandarins, then peel and pack the whole plump segments in their unsweetened organic juice. Your family will love their naturally sweet and juicy taste! The quality that you taste is a hint of the care behind this and every **Native Forest** product. Enjoy!

**Directions:** Chill before serving.
