

Edward & Sons Trading Company, Inc. was founded in 1978 with the introduction of Miso-Cup® instant soup mix, spearheading an international movement for “better for you” convenience foods. Today, we offer over a hundred grocery items under our portfolio of brands. All embody important Edward & Sons standards and philosophy. We are an independent, family-owned business whose mission has remained steadfast for 45 years: Create delicious foods from wholesome plant-based ingredients to offer consumers Convenience Without Compromise®. All products are vegetarian, and most are non-dairy, fully plant-based - indicated with a Vegan “V” mark found on the label. We cater to numerous dietary needs by offering organic, gluten free, soy free, dairy free and kosher items.

Our family of fine foods includes an extensive selection of certified organic items. Organic certification provides premium prices to farmers and verifies their sustainable farming practices, which nourish soil and protect biodiversity. Consistent with our company policy, organic certification prohibits the use of GMOs and other unwelcome ingredients. We believe organic foods enhance all our lives, from farmers to consumers.

Great tasting food is our specialty, because “better for you” food should be delicious! Whether you're sipping a steaming mug of Miso-Cup® Instant Soup on a chilly evening or serving a quick meal with our Native Forest® Organic Simple Coconut Milk, you'll relish the authentic, satisfying taste that simple and wholesome ingredients deliver.

Toss a fresh garden salad with Native Forest® Quartered Artichokes and crisp slices of Native Forest® Organic Hearts of Palm, then top with crunchy Edward & Sons® Organic Croutons. Sauté fresh veggies with Native Forest® Organic Baby Corn, Organic Bamboo Shoots and the world's only certified Organic Water Chestnuts to create a fabulous stir fry fusion! Pour on zesty Asian flavor with Premier Japan® Organic Gluten Free Teriyaki or Hoisin sauces.
