Nature Factor® Organic Coconut Water is the light, refreshing juice found in the center of certified organic coconuts. At Nature Factor, we support organic foods and farming as a great way to enrich soil, promote biodiversity and contribute to a healthier planet. Free of additives and never from concentrate, Nature Factor Organic Coconut Water boasts a bright, clean taste and delivers an enviable array of electrolytes (including magnesium, calcium, manganese and potassium) as nature intended.

On a golden sand beach by warm turquoise waters, crack open a fresh young coconut from a nearby tree to drink the liquid treasure within. Everywhere else, pop open a frosty can of Nature Factor Organic Coconut Water and enjoy delicious tropical refreshment... Right now!
